Message from OEAFCS President

My parents taught me at an early age the importance of being involved. The phrase “you get out of it what you put in it” has always been something that I felt was important to life. OEAFCS has been a great organization that I am proud to be a part of. From attending the state meeting to serving as a State Officer, I have benefitted both personally and professionally.

Last year at the NEAFCS annual meeting I had the opportunity to attend various sessions that I felt would benefit me. Two in particular have. I participated in an in-depth session on Outdoor Cooking. This sparked my interest in cast iron cooking and outdoor cooking. I have shared this knowledge I gained with 4-H youth and have workshops and demonstrations planned at our Farmer’s Markets, child care facilities and with OHCE.

I also attended a session that was presented on the AmeriCorps NCCC program. During the session I kept thinking of all the projects I’m involved in in my county and how we can benefit from this program. I brought the information back home and shared with various groups I partner with and I wrote a proposal. It was accepted and we were selected to have a team of AmeriCorps NCCC members provide services in our county beginning in April. It is predicted that the projects that they will be helping us with will be worth over \$100,000. All of this because I attended a session at NEAFCS!

Thank you to those who step up and volunteer each time I have sent out a request for needing volunteers to help with various tasks. Have you served on any NEAFCS committees? Each one I have volunteered to serve on I have gained ideas and learned about Extension program across the United States. Please visit the NEAFCS website and join a committee. It doesn’t mean you have to travel anywhere. Most of the work is done through emails and online.

Omaha, Nebraska will be the site of the 2017 NEAFCS Annual Session. Information is posted on NEAFCS website and Facebook pages. It will be another great conference to network, gain ideas, and learn about programming in other states. Have you been reading the NEAFCS newsletter and looking for the ear of corn? I have and I’m now in the drawing for a free registration to the meeting!

I am looking forward to the 2017 OEAFCS Annual Meeting. Dana Baldwin and her committee have been diligently preparing for this meeting. “Facing the Future – Together” is the theme. We are facing challenges ahead. If we work together as a team, keep a positive outlook and keep doing what we do best (meeting the needs of Oklahomans) we will see the benefits of our hard work.

As we left the conference last year, I challenged each of you to “Work Out Loud”. We do a great job of helping people help themselves. We have vision. We are relevant. We are innovative. We just don’t always take the time to let others know about the important work we are doing. I have observed more of us “Working Out Loud” through social media posts. Let’s keep it up and make it a part of EVERY program we do. Thank you for everything you do to improve the lives of Okahoman’s.

JCEP Leadership Conference 2017

I feel fortunate to have been able to attend the 2017 Joint Council for Extension Professional’s (JCEP_ Leadership Conference in Orlando, Florida in February. The JCEP Conference brings together individuals from around the nation from all levels and subject matter areas to support Extension leadership succession planning and leadership development. The theme was “Emerging Leadership for Tomorrow’s Extension.” The keynote speaker was Dan Gallagher who spoke on “The Self-Aware Leader” which is also the title of a book he has published. His presentation was thought-provoking in helping you self-reflect on your current leadership style and look at changes you can make to become a better leader. The two day conference was filled with many opportunities to network with Extension Professionals from all areas of Extension. The concurrent sessions and poster sessions were focused on engaging professionals in identifying and addressing leadership strategies around emerging issues. We also met with our associations and interacted with our National Leadership Team and Affiliate leaders from across the nation.

Thank you for this opportunity to learn.

Sincerely,
Kathy Enyart
OEAFCFS State President

A Message from Dr. Atilés

Dear OEAFCFS members:

Spring has arrived and with the new season we also have enjoyed going around the state to all the OHCE district meetings. I enjoyed the opportunity to visit with you during the educators’ session.

OEAFCFS is well represented by Lynda Latta in the PILD meeting in DC. We prepared an impact fact sheet for her to distribute on your behalf to the UC congressional delegation. Likewise, the impact statement for NEAFCS have been completed. Kudos to you all for the hard work and to Kimberly Williams for putting together the state level summaries.

We realize that most of you are concerned about the future of Extension in this federal, state and local budget climate. More than ever now, we need you to work together, support each other (OEAFCFS is a great way to do this), and to demonstrate to the people of the state that you make a positive difference each and every day to improve lives, communities and the economy.

The best thing you can do is to continue to elevate your FCS programming and make it visible. Please invite your elected officials to come to your programs so they can see in real time what you do. And remember that in the state office we are here to serve you.

Thank you for all that you always do. We are a great family in FCS.

Public Affairs

**Lynda Latta
Vice President of Public Affairs**

I look forward to attending the PILD Conference next week. I will bring news back to share with OEAFCs at the State Meeting.

The Public Affairs Committee is responsible for making changes to the OEAFCs Constitution. After discussion with the board, a suggestion was made to revise the wording in order to help secure more members for roles in OEAFCs officer positions.

The wording of the constitution has made replacing some District Directors difficult in current situations.

Please take a moment to review the change in the wording to Article V, Section 2, item number 1. *The removal of the word consecutive is proposed.* This will be voted on at the upcoming April business meeting.

FEW Report

Lynn Bean, FEW President

FEW held its annual fall get together on October 6, 2016 in Anadarko. Mary Jean Easterling and her daughter Lucy Clinton planned an educational, fun filled trip for us. Ranel Lasley and the Caddo County Extension Office graciously hosted our group's "meet and greet" in their awesome conference room/kitchen. It would be wonderful if every Extension Office in Oklahoma could have a facility like this! Ranel also gave us an update on the many programs she is providing in Caddo County. Thanks Ranel for your hospitality!

Our tours started with a trip to the Anadarko Heritage Museum. The museum features historic information on Native American, European and African descendants who settled in the Caddo County area. These pioneers of Caddo County created a diverse community of rich heritage that defines Southwest Oklahoma. It was surprising for me to see what a hub Caddo County is for US Government agencies and Native American Tribal Governments.

We then headed to the Anadarko Community Library where we checked out some beautiful Stephen Mopope paintings. Stephen Mopope, a Kiowa Indian, was born August 14, 1900, near Ft. Cobb. He studied art at the University of Oklahoma and after that he and four other artists became internationally known as the "Five Kiowas". If you're ever in Anadarko be sure to check out other murals of his in the Post Office.

Lunch and our fall business meeting took place at "The Eatery" in Downtown. The food was great and the fellowship was even better! And let's get real here...what type of "business" do a bunch of retired FEW members have to discuss other than catching up on what has been going on in each other's lives after retirement and wondering what's going on in OCES and the counties that we were a part of so many years. We strongly care about OCES and the programming that it offers to the residents of Oklahoma. Please let us know if there is any we can assist OEAFCS in these trying budget times.

NEWS FROM THE NORTHEAST DISTRICT– Trinity Brown

Hello! from the Northeast District! I am Trinity Brown, Pawnee County Extension Educator, FCS/4-H Youth Development and CED, and the Northeast District OEAFCS Director. I live in Pawnee, which is the county seat for Pawnee County. I have 3 daughters. My oldest daughter, Taelor, is 16 years old and a Sophomore at Pawnee High School. She is very active in sports; she loves softball and basketball; and she was selected as the Basketball Sophomore attendant this year. She is also active in 4-H, FFA, BETA, and FCCLA, and in her free time, if she has any, she likes to draw and work on leather crafts. She received her driver's license this year and she has been a good chauffeur. My middle daughter, Maelee, is in the 2nd grade and stays active in Tap, Ballet, Jazz and Acro dance. She also likes to play basketball and softball; and this summer, she will join 4-H. Maelee is my little dancer and we don't walk anywhere anymore because we do cartwheels everywhere we go. My youngest daughter is my baby, Kensley. She brings the most excitement to my life. She is my child who likes to have the last word on everything! She talks non-stop, but has one of the biggest hearts. She is full of life and keeps this mom going. She is in Pre-K this year and she has learned so much. I have been married to my High School sweetheart, Jerod Brown, for 17 years and we stay busy working and raising our children. This past year, I have received the Wal-Mart Healthy Living Grant to conduct cooking schools for Pawnee and Payne Counties. The Northeast District has had a great year. We had our Fall FCS District Meeting on November 17th at the Historic town of Pawnee. Our first destination was the Pawnee Nation Roam Chief Building where we met to hear updated news from Brenda Miller, Northeast District FCS Program Specialist, and Randy Pirtle, Northeast District Director. Lunch was catered by Click's Steakhouse and it was delicious! From there, we took a tour of the Pawnee Bill Museum and Ranch. I would like to thank my committee members, Amy O'Bryan, Penny King, Melanie Taylor and Brenda Miller, for helping to make the meeting a success. The Northeast District has 29 active members with three new members this year. In the Northeast District, we have one vacant FCS positions located in Wagoner County.

Tracy Lane, Tulsa County, received the Epsilon Sigma Phi Distinguished Service Award in January at the awards luncheon during the Statewide CED Training. She also got engaged to Cary McKaughan on Christmas Eve!

Diana Romano received an FCS Ambassadors Award to attend NEAFCS to present a session on diversity. She has also been nominated to be a fellow of the Academy of Nutrition and Dietetics for her many contributions as chair of the Latino Dietitians.

Her two youngest children keep her busy with T-ball, soccer, peewee cheer and much more.

Gale Mills, Washington and Nowata Counties, is proud of her son, Ben Mills, who earned his Eagle Scout this past September. Ben is a senior this year at Bartlesville High School and will graduate in May.

Northeast District FCS Program Specialist, Brenda Miller's son, Blake, graduated from OSU in December and is now in Nursing School at OSU-IT. Her son, Brandon, married Whitney Dockey on January 14th and she is a beautiful addition to the Miller Family! Brenda and Billy recently celebrated 30 years of marriage!

Ana Teresa Atiles, daughter of Dr. Jorge and Julia Atiles, is a senior at Stillwater High School and she was selected as the Oklahoma Distinguished Young Woman for 2017 and will compete in Mobile, AL this summer for the National Distinguished Young Woman.

Dea Rash, Payne County, will soon have another college graduate. Her youngest daughter, Madison, is pursuing a Bachelor's degree in Family & Consumer Sciences Education at Oklahoma State University and she will graduate in May. Madison is currently student teaching at Ripley High School. Her oldest daughter, Kendra, graduated from Columbia University in New York City with a Master of Arts degree in Quantitative Methods in the Social Sciences (QMSS). She lives in New York City near Central Park and is an Analyst for the Federal Farm Credit Funding Corporation in Jersey City, NJ. Dea has received a Wal-Mart Healthy Living Grant this year to conduct youth cooking schools in Payne and Pawnee Counties.

Michelle Bonicelli, Tulsa County, and her husband celebrated 30 years of marriage and built a new house in 2016! Her daughter got married in July 2016, with a short 3-month engagement! In May 2017, her son is graduating from OSU with a Mechanical Engineering degree, starting his career, and getting married! Amanda Ford, Oklahoma County, and Michelle, received a \$15,000 Ambassadors Grant to conduct Master Wellness Volunteer Programs in Oklahoma and Tulsa Counties and they both completed the 5-week training. Tulsa County had four graduates and Oklahoma County had seven graduates. Graduates have committed to volunteer at least 40 hours during 2017. Michelle and Amanda are excited to have the graduates volunteer as they are a creative, energetic group who are eager to educate the community.

Kathy Enyart, Ottawa County, received a 4-H Enhancement Grant for \$500 to help with teaching cooking skills to 4-H members.
