

OSU-Institute for Agriculture Biosciences 3210 Sam Noble Parkway Ardmore, OK 73401

Oklahoma State University, U.S. Department of Agriculture, State and Local Governments Cooperating. The Oklahoma Cooperative Extension Service offers its programs to all eligible persons regardless of age, race, color, religion, sex, sexual orientation, genetic information, gender identity, national origin, disability or status as a veteran, and is an equal opportunity employer.

### Introduction

This is a 1-day turfgrass and landscape management workshop. It is designed to benefit turfgrass and landscape managers in lawn, parks, grounds, athletic field and golf course care. The course emphasizes sound research-based fundamentals in turf and landscape management for Oklahoma. Topics covered include diagnosing tree problems, spray nozzle selection, proper adjuvant use, turf/row weed id, turf-tree-ornamental pest management and managing turf in shade.

This course is a cooperative effort among the county, area and state extension educators of the Oklahoma Cooperative Extension Service of Oklahoma State University. This course is provided as an education opportunity to further professional career development and technical knowledge of attendees.

## **Targeted Audiences**

- ♦ Commercial Lawn Care Operators
- Landscape Installers & Managers
